SAFEcontractor

The contractor accreditation scheme for business

SAFEcontractor accreditation has been achieved following an assessment of the contractor's health & safety documentation, and compared against the **SAFEcontractor** Charter Standards, which set out the health & safety standards required to achieve accreditation.

The following health and safety topics have been considered during the assessment:

- policy statement
- organisation chart
- H & S responsibilities
- communication with employees
- health & safety training
- procedures / method statements
- permits to work
- manual handling
- risk assessments
- H & S advisor
- breaches of H & S legislation
- emergency procedures
- welfare arrangements
- work equipment-testing and maintenance
- personal protective equipment
- first aid and accident training
- COSHH assessments
- health surveillance
- accident history
- implementation of the policy
- control of sub-contractors

For more information on the Charter Standards, the **SAFEcontractor** scheme or for confirmation of this contractor's accreditation please telephone National Britannia on 029 2085 9217
