

Tractor Driver (Newport, Cardiff)
overtime

Excellent rates of pay +

We have recently been awarded a major new contract recycling sewage sludge to land as a fertiliser product, based in Cardiff and Newport, and require a hard working and committed Tractor Driver to join our expanding fleet. You will be required to operate trailers(bulk and hooklift) and also muck spreading equipment in the field. Hours of work are 50 hours per week plus some weekly overtime and occasional weekend working.

Duties:

- Carry out driving and other duties ensuring that:
 - Work instructions are adhered to
 - All H&S legislation requirements are met
- To be courteous and professional at all times to customers, colleagues and general public.
- To ensure that daily duties are carried out in a safe, efficient and professional manner
- To ensure daily vehicle checks and maintenance are undertaken and defect reports filled out.
- Report immediately to the Operations Manager any issues that affect operations, observations/comments made by customers (negative and positive) that may improve efficiency or service levels
- Wear supplied uniform at all times and PPE as required.
- Ensure that all paperwork issued to you is completed in full regarding work you have carried out.
- Ensure that any vehicle and plant under your control is safe to use and is operated in accordance with the manufacturer's recommendations and company procedures.

To make your application please complete an application form which is available for download from www.tradeeffluent.com/vacancies and return with an up to date CV and covering letter by email to vacancies@tradeeffluent.com or by post to:- Trade Effluent Services Ltd, Hugmore House Hugmore Lane, Llanypwll, Wrexham. LL13 9YE.
